Syllabus 2023-2024-English-Third Grade

English Class

Mrs. **Sandra Plaza**

E-mail: splaza@asrpr.org

Required Textbook: EduSystem Digital Platform

Reading Book: Best Mistake Ever & Other Stories ISBN:9780394868165

English Book: Disney's Stars + License ISBN:9781292441702

Tools: Class Dojo

Office Hours: By appointment. Please contact the office.

I. Course Description:

The English Department is devoted in developing critical and creative thinkers. Using English as a Second Language (ESL) strategies that are capable of creating effective communication, writing, and reading skills to deal with the high expectations of society including a conversational English approach.

The students will be participating on conversational English, twice a week, to reinforce and enhance listening and oral skills.

Course Objectives

Long-Term Objectives

At the end of the school year, the student will:

- Improve his/her listening, reading, and speaking skills in the English Language.
- Read and listen to oral, written and electronically produced texts and performances, and relate them to their own lives.

- Get new vocabulary and learn correct pronunciation that will help them in their oral communication.
- Develop literal, inferential, and critical comprehension of a variety of texts.
- Acquire grammar skills that will help them in their written communication.

Short-Term Objectives

Throughout the course the student will:

- Use technology to improve listening, spelling, and speaking skills.
- Organize words in alphabetical order.
- Use pictures as textual clues.
- Show comprehension of stories read in the classroom.
- Identify characters, setting, and plot of a story.
- Compare and contrast as part of the reading comprehension skills.
- Order events of a story.
- Participate in classroom discussions.
- Prepare and present oral presentations.
- Identify nouns, action words and describing words.
- Make correct use of capital letters.
- Learn and write correctly the days of the week, and months.

Standards:

The student will achieve the English standards:

Listening, Speaking, Reading, Writing, and Language

Strategies:

1. Compare and Contrast
2. Didactic Questions
3. Guided and shared reading
4. Independent reading
5. Debates
6. Brainstorming

7. Class discussions
8. Graphic organizer
9. Questioning

****Reasonable Accommodations:**

All reasonable accommodations for the particular needs of these students will be made in accordance with the Americans with Disabilities Act (ADA).

****Cell Phone Policy –** Students may not use cell phones during class unless explicitly approved by the teacher on a specific day for instructional purposes. Upon entering the classroom, all students must place their cell phone in their assigned area of the classroom or other assigned location specified at the front of the room by the teacher. Once placed in the cell phone/holder area, students cannot access during class hours, unless they have an early departure from the school premises.

**** Resources needed in class -** According to school policy, personal computers must be fully charged and brought to each class period. Students will not ask to charge school devices in the classroom and are not entitled to make up for homework lost due to dead batteries. Failure to charge the devices constitutes an interruption of class procedures and may result in disciplinary action.

Plagiarism - Plagiarism is presenting someone else's words or ideas as if they were completely your own. Plagiarism is a violation of the Honor Code. Acts of plagiarism may include, but are not limited to: 1. Using words or ideas from a published source or the Internet without proper permission; 2. Use another student's work (e.g., copy another student's assignment, composition, or project in whole or in part; 3. By overusing editing suggestions from another student, teacher, parent, guardian, or paid author.

Methods of Evaluation:

1. Tests *
2. Dictations *
3. Quizzes *

4. Oral Presentations*

5. Homework

6. Daily Work

*Tests, dictations, quizzes and oral presentations will be announced a week in advance.

Course Content:

Unit	Skills
Unit 1. Me On The Map	<ul style="list-style-type: none">• Discriminate and identify initial, middle, and final consonant sounds.• Decode words with initial, middle, and final consonant sounds.• Discriminate and identify the hard and soft C and G sounds.• Decode words with the hard and soft C and G.• Identify main idea and supporting details in a text.• Define the concept noun.• Identify proper and common nouns.• Identify singular nouns.
	<ul style="list-style-type: none">• Contrast short and long vowel sounds.• Define the concept fiction.

Office Hours: By appointment. Please contact the office.

I. COURSE OBJECTIVES

A. General

To be able to perform mathematical functions essential for life, but also to develop critical thinking and analysis skills in order to later perform higher level thinking mathematical functions.

B. Specific

The course enhances and expands the students' abilities and skills in the following areas:

- ✓ Identifying Patterns
- ✓ Motor Skills Listening
- ✓ Addition
- ✓ Subtraction
- ✓ Order of Operations
- ✓ Critical Analysis

II. Standards:

The student will achieve the math standards:

- Number and Operations
- Algebra
- Geometry
- Measurement
- Analyze Data and Probabilities

III. Strategies:

1. Compare and Contrast
2. Didactic Questions
3. Guided and shared reading
4. Independent reading
5. Debates
6. Brainstorming
7. Class discussions
8. Graphic organizer
9. Questioning

VI. Content Outline

Unit	Theme	Skills
Unit 2 Number Sense	* Place Value *Expanded Form *Ordering and comparing Numbers *Rounding the nearest tens and hundreds	– Recognize place value of up to six–digit numbers. - Identify the value of a digit according to the position it occupies in a number. - Write the number in expanded form. - Order numbers - Compare numbers - Round to the nearest ten. - Round to the nearest hundred.

<p>Unit 3</p> <p>Adding Three-Four Digit Numbers</p>	<ul style="list-style-type: none"> * Adding three and four addends * Adding three-four digit numbers 	<ul style="list-style-type: none"> - Add three and four addends. - Add three-digit and two-digit numbers with regrouping.
<p>Unit 4</p> <p>Subtracting Four Digit Numbers</p>	<ul style="list-style-type: none"> * Subtracting four digit numbers * Subtracting numbers with zero 	<ul style="list-style-type: none"> - Subtract four-digit numbers with and without regrouping. - Subtract numbers with zeroes in the minuend and subtrahend.
<p>Unit 8</p> <p>Fractions</p>	<ul style="list-style-type: none"> * Parts of a whole * Parts of a group * Adding like fractions 	<ul style="list-style-type: none"> - Express the parts of a whole as a fraction. - Read and write fractions correctly. - Add like fractions.
<p>Unit 6</p> <p>Multiplication</p>	<ul style="list-style-type: none"> * Multiplying by factors... * Commutative and associative properties * Multiplying one and two digits 	<ul style="list-style-type: none"> -Solve multiplication of single digit factors by doing multiplication as repeated addition. -Multiply factors of 2, 4,6,8 - Multiply factors of 3,5,7,9 - Multiply factors of double digits. -Multiply numbers of two digits by one digit.
<p>Unit 7</p> <p>Division</p>	<ul style="list-style-type: none"> * Division * Division by 2,3,4,5 * Division by 6,7,8,9 	<ul style="list-style-type: none"> - Divide by factors of 2,4,6,8 - Divide by factors of 3,5,7,9

Unit 11 Geometry	* Points, lines, segments, and Rays * Angles	- Identify points, lines, segments, and rays. - Classify angles.
Unit 9 Measuring	* Perimeter * Area	- Find the perimeter of an object. - Find the area of an object.
Unit 12 Statistics	* Pictographs * Bar graphs	- Make a pictograph - Recognize, read, and build a bar graph.

VII. - Course Criteria

- Speak only English in the class
- Always try your best
- Show good manners
- Enter to the platforms used in class every day
- Don't use nicknames to access any of the class platforms
- Listen carefully to your teacher and classmates
- For virtual classes, wear appropriate clothing, good posture, and an appropriate study place
- Do not eat during class
- Complete class work, assignments, quizzes and test on time and due date
- Have all the required materials for the class, every day
- Parents and students can communicate with teacher only at school hours
- Remember to follow the rules in the Students and Parents Orientation Manual

I. COURSE OBJECTIVES

A. General

To be able to develop an understanding of the intersectionality of our existence and the world in which we live.

B. Specific

The ESL Student will

- Develop and understanding of the environment, and how to care for it.
- Develop a deeper understanding of how living and non-living things interact.
- Students can identify the different types of energy.

The course enhances and expands the students' abilities and skills in the following areas:

- Oral Skills
- Motor Skills
- Listening
- Participation
- Critical Thinking

II. Standards:

The student will achieve the science standards:

- Structure and levels of organization of matter
- Interactions and energy
- Conservation and change

III. Strategies:

1. Compare and Contrast
2. Didactic Questions
3. Guided and shared reading
4. Independent reading
5. Debates
6. Brainstorming
